**Description:** See the sights along the Chena River and enjoy a leisurely, intimate dining experience on an authentic stern wheeler, the Tanana Chief – a replica of the old riverboats that plied the waterways of Alaska's Interior in the years between 1865 and 1955. The original Tanana Chief was built in Unalaska in 1898 and served as a passenger and trade boat, becoming the first sternwheeler to navigate the Tanana and Chena Rivers in 1898. Indulge in a delicious champagne brunch buffet featuring your choice of premium entrees including carved ham, bacon and sausage, biscuits and gravy, fresh fruits and pastries.
